Re: Quarterly Status Report #4
Wix Filtration Corp. LLC – Dixon Plant. Gastonia, Gaston County
Site ID No NONCD0002925

Dear Ms. Thomas:

Mann + Hummel Filtration Technology (formerly Wix Filtration Corp. LLC) and WSP USA Corp. (WSP), the Registered Environmental Consultant (REC) retained by Wix, are providing this quarterly status report on the activities performed from April 2016 through June 2016, as part of the voluntary investigation being conducted at the Wix-Dixon Plant located in Gastonia, Gaston County, North Carolina (Site). This status report is being submitted in accordance with Section III.E of the REC Administrative Agreement (Docket No. 15-SF-394) between the North Carolina Department of Environmental Quality and Wix/Mann + Hummel.

During the reporting period, WSP completed preparation of the Remedial Investigation (RI) Work Plan, which provides site background information along with description of the investigation scope of work and schedule. The draft work plan will be provided to Mann + Hummel for review and should be finalized by the end of July 2016. WSP plans to implement the field investigation activities described in the work plan in September or October 2016.

As of the end of the reporting period, sufficient progress has been made toward the completion of the RI work phase by the June 2018 deadline specified in Section III.B of the Administrative Agreement.

If you have any questions concerning the status report, please do not hesitate to contact me at the above number or Monty Gibson of Mann + Hummel at (704) 869-3505.

Sincerely,

Robert E. Johnson, L.G.
Senior Technical Manager
